

# QED CONNECT

A great value range of AV cables and adapters covering all connectivity bases.

Having introduced some of the very first specialist speaker cables and with nearly half a century of unrivaled engineering excellence in the field of audio-visual connectivity, no other company demonstrates such a relentless dedication to research and development combined with analytical listening tests.

British audio specialists QED introduces its new Connect range of great value AV cables and adapters, custom-designed to deliver the best performance at an affordable price. Whether connecting to your TV, hi-fi or home cinema system or mobile device - such as smartphones, laptop, tablet or portable DACs - the Connect series covers every audio-visual connectivity base. As technology evolves any meaningful future connectivity requirement will also be incorporated into the 'living' QED Connect family, making this series of cables truly indispensable

Designed in the UK, the entire range boasts a stylish satin black finish, wrapped with a soft but durable, ultra-flexible PVC jacket primed for home or mobile use. Each cable (where applicable) features custom-moulded, 24K gold plated QED connectors and plugs for noise-free, long-life connectivity and 99.99% oxygen free copper conductors for reliable signal transfer. Each QED Connect cable comes in a variety of lengths with the entire range arriving in minimal, fully biodegradable packaging.

Instore POS Solutions

An attractive in store display will create a focal point and positive instore experience, drawing customers to the product. Being able to provide an eye catching, easy to install solution provides an extra tool for retailers to influence the consumer purchasing decision.

We would encourage you to think about how you display QED and the Connect Range in your stores. We've created a wall solution to provide an example of how the entire range could be displayed effectively in store.
