About The Product

Your iPhone, but better. Layer your iPhone with crystal clear protection, designed to shield your device without letting its sleek form hide away. 100% recycled, MagSafe compatible, and coated to prevent scratching and yellowing, this second skin for your device is full of considered details to elevate your everyday.

Why have we created (RE)CLEAR Case?

We designed (Re)Clear Case to be that ideal middle ground between wanting to go caseless and still needing that peace of mind. But while it's one of our more understated designs, we focused on the details – the raised edges, the recycled materials, the MagSafe ring accents – to take it from elementary protection to a refined, minimalist solution for life with your most-loved device.
