

IMILAB EC6 Dual 2K+2K WiFi Plug-in Spotlight Camera

# Dual lenses. Double coverage.

## INTRODUCTION

The IMILAB EC6 Dual is a two-lens spotlight camera, each lens with a 2K resolution. This allows it to cover two different angles at the same time, providing complete security and convenience with double coverage.

## FEATURES

### Dual Angle Surveillance

Have two angles under surveillance at once.

### Versatile Installation

Easy to set up on walls, ceilings, and columns.

### 2K+2K Live View and Chat

Clear footage with real-time connectivity, day or night.

### Flexible Footage Storage

Record 24/7 with MicroSD Card or use unlimited subscription-based cloud.

### Smart Deterrence

Protect your family with custom voice alarms.

### Voice Assistants

Hands-free interaction with Google Assistant and Amazon Alexa.

### App Connection

Access instant notifications and more customizations.

### Broad Compatibility

Compatible with your ONVIF-compliant products.
