Optical Mouse
N200

Boasting a simple full-size design, this mouse is very easy to use. Just plug-in the USB cable and you're good to go: no drivers, installation or setup needed. The high-performance 1600 DPI optical sensor offers a smooth and accurate mouse-pointer control, while the symmetrical design allows for ambidextrous use. What's more, the non-slip mouse wheel provides amazing grip and precise navigation of websites and longer documents.

► **High resolution 1600 DPI sensor**
Enjoy total control: The high-performance 1600 DPI optical sensor offers you smooth and accurate mouse-pointer control.

► **Easy installation**
Plug and play: No driver or setup needed. Just plug it in an USB port and you're good to go.

► **Ambidextrous design**
One shape fits all: Thanks to its symmetric and ergonomic design this mouse is comfortable, reduces hand strain, and is great both for right-handed and left-handed use.

► **Non-slip scroll wheel**
Easy web surfing: The smart choice of materials makes this mouse perfect for quick and easy browsing. The non-slip scroll wheel also allows you to scroll quickly without errors in your daily
