E20 Plus

Auto-empty, auto-avoid, auto-clean

Mova E20 Plus

Auto-Empty Robot Vacuum and Mop

E20 Plus optimizes home cleaning with powerful sweeping and mopping capabilities. Featuring 5,000Pa suction, E20 Plus easily captures debris into a spacious dust bag, and the auto-empty base station stores up to 90 days of dust, preventing clogging and offering hands-free convenience. Its advanced technology ensures a consistent and efficient cleaning routine for your home.

Key Features

Auto-Empty Base Station

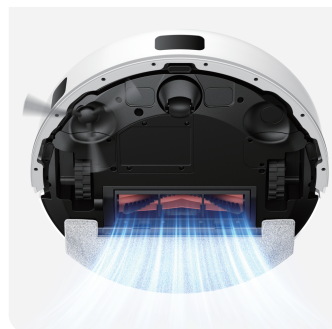

Enjoy up to 90 days* of hands-free cleaning with the 4L sealed bag of the auto-empty base station. The DualBoost 2.0 technology maximizes dust collection and removes odors for uninterrupted cleaning.

*90 days: Based on our in-house lab data. Actual performance may vary depending on the real-world environment and usage.

Smart Pathfinder™ Technology

The advanced Smart Pathfinder™ technology with LDS laser precisely scans and maps your home, performing effectively even in darkness. E20 Plus navigates accurately, slowing down near obstacles to ensure a thorough and careful cleaning process.

5,000Pa Vormax™ Suction

E20 Plus boasts a powerful 5,000Pa* suction, easily absorbing debris and particles, leaving your floors spotless.

*5,000Pa: Based on our in-house lab data. Actual performance may vary depending on the real-world environment and usage.

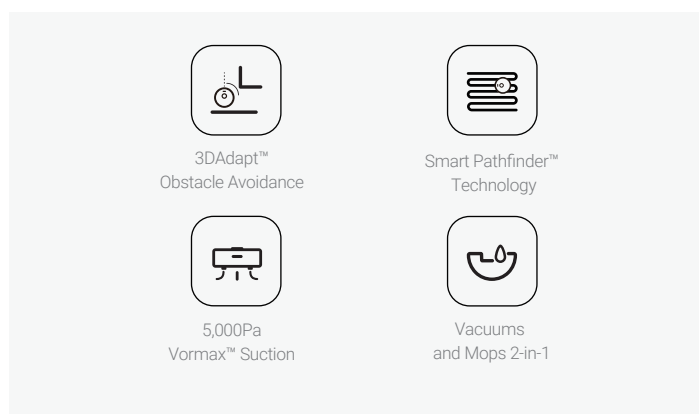

Vacuums and Mops 2-in-1

E20 Plus combines vacuuming and mopping with a large 245ml water tank, providing three water flow levels to ensure spotless floors throughout your home.
