Clean and dry from edge to edge.

# Dreame H12 Pro

## Wet and Dry Vacuum

With an upgraded edge-to-edge cleaning brush, H12 Pro specializes in dealing with hard-to-reach areas—cleaning close to baseboards and deep into corners. Simultaneous vacuuming, mopping, and washing help remove dirt, grime, spills, and other tough hard floor messes. Just put H12 Pro on the base and press a button to clean the brush, which rotates forwards and backwards. Hot air drying dries the brush in just 1 hour, helping to prevent mildew, mold, and unpleasant odor. Enjoy edge-to-edge cleaning that makes your home shine.

### ○ Key Selling Points

Enhanced edge and corner cleaning.

Cleans close to baseboards to thoroughly mop up spills and eliminate stains. An edge-to-edge cleaning design extends the brush all the way to the end of the wet and dry vacuum to hug walls and clean corners.

Automatically dries while charging.

The brush is thoroughly dried with hot air after self-cleaning in just an hour to help prevent mildew, mold, and unpleasant odor. Manually engage drying any time you need\*.

Wet mess? Dry mess?  
Bye, mess!

Eliminate dirt, dust, debris, hair, spills, and grime with powerful scrubbing and robust suction. A high-speed brushless motor allows H12 Pro to wipe the floor 520 times per minute\* to remove messes quickly and easily.

The ideal suction for every mess.

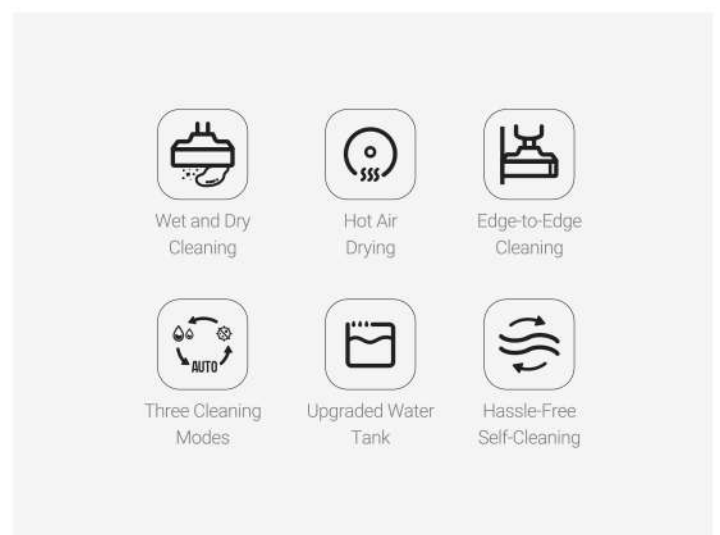

Automatic suction adjustment ensures virtually every mess is eliminated on the first pass. Equipped with an advanced sensor, H12 Pro adjusts suction according to the mess detected, optimizing power efficiency and cleaning power.
