

Make your movies more spectacular.

Taking the already great sound of your Enchant soundbar —and making it spectacular. That's the magic of the Harman Kardon Enchant Sub. Wirelessly connect it to the Enchant 900 or Enchant 1100 and instantly, you'll hear the soundbar's wide, enveloping soundstage become even deeper and more lifelike. The 6.5" down-firing subwoofer adds pure, deep, rich bass, while the newly designed bass reflector keeps that low end clean and precise, even if you set the Sub down on carpet. This kind of sound experience makes movies pull you deeper into their worlds. Games become even more exhilarating. And music invites you to get up and move. The sleek, compact design and pleasing aluminum top panel make the space-efficient Enchant Sub fit into any room, with any style of decor. Setup is simple using the Harman Kardon One app, which you can also use to customize the advanced audio settings. The Enchant Sub takes your home audio experience to the next level.

Features and Benefits

Connects wirelessly for impactful bass

Quickly wirelessly connect a Harman Kardon Enchant Sub to the Enchant 900 or Enchant 1100 soundbar to luxuriate in its deep, rich, impactful bass sound and elevate your cinematic experience to a whole new level. The soundbar's wide, enveloping soundstage will feel even more lifelike thanks to its 6.5" down-firing subwoofer.

Bass reflector design for more precise bass

Place the Harman Kardon Enchant Sub on any surface—yes, even a plush carpet—and you'll still get clean, precise, deep bass. That's all thanks to the newly designed cone-shaped bass reflector, which radiates sound in a perfect 360-degree circle for the smoothest, richest sound around.

Compact design with elegant detail

The slim, compact Harman Kardon Enchant Sub fits into your room's decor, and it looks perfect alongside either of the Enchant soundbars. The attention to detail is evident throughout the design, from the soft touch fabric to its striking aluminum top panel.

Harman Kardon One app

The Harman Kardon One app helps you easily set up the Enchant Sub and personalize your audio settings. You can also use the app to customize your EQ and control your other compatible speakers, all in one convenient place.

Made in part with recycled materials

The Harman Kardon Enchant Sub is Energy Star-certified. It's also manufactured with 100% recycled polyester yarn, 85% of recycled plastic and 50% of recycled aluminum top panel and packaged in FSC-certified paper printed with soy ink.
