

DREAME

L40 Ultra

Flawless Clean, Optimal Reach

Dreame L40 Ultra

Robot Vacuum and Mop with Auto-Empty and Mop Self-Cleaning

L40 Ultra simplifies cleaning with advanced features. SideReach™ reaches hardly accessible spots, MopExtend™ ensures thorough mopping along the edges and deep in gaps, and an RGB sensor detects a dirt level for efficient scrubbing. The self-cleaning washboard and mop, 65°C (149°F) hot water*, a robust 11,000-Pa** suction, and more team to mop and sweep hard floors and carpets.

*65°C (149°F) hot water: The data comes from Dreame Lab. Based on the standard room temperature environment (about 23°C (73.4°F)), the water in the water tank after heating, the outlet temperature is up to 65°C (149°F). Due to the environmental impact of water temperature fluctuations, the actual temperature will be adjusted accordingly.
**11,000Pa: Based on tests in Dreame Lab. Actual performance may vary depending on usage.

Key Features

Expansive Cleaning in Tough Spots

The side brush lifts to 10mm (0.39in)* and extends to reach corners and furniture legs. With MopExtend™ RoboSwing technology and vast reach of up to 4cm (1.57in)**, L40 Ultra eliminates hidden debris under low-profile furniture like couches or sofas.

*10mm (0.39in): Based on tests in Dreame Lab. The lifting height is defined as the distance between the top of the brush bristles and the ground after the side brush has been lifted.

**4cm (1.57in): Based on a calculation derived from environment testing in Dreame Lab. Actual performance may vary depending on usage.

Enhanced Dust and Debris Sweeping

L40 Ultra powerfully cleans hard floors and carpets with 11,000Pa* suction and 5 suction levels** that suit your home environment. The robot vacuum comes with an anti-tangle TriCut brush, which cuts and transfers tangled hair to the dust bag, saving you the hassle of brush maintenance.

**5 level: Quiet/Standard/Turbo/Max/Max+ (Only available in Mop after V-mop Mode)

7-in-1 Auto Base Station Maintenance

L40 Ultra auto-empties dirt for up to 75 days*, dries mops with hot air, and refills water and solution. Additionally, it cleans the mop and washboard using 65°C (149°F)** hot water, effectively tackling stains and odors.

*75 days: Based on a calculation derived from environment testing in Dreame Lab. Actual performance may vary depending on usage.

Seamless Control with Voice Commands*

Effortlessly manage your cleaning using voice commands, or connect your robot vacuum to Alexa, Siri, and Google Home** voice assistants for a custom cleaning experience.

*Voice control language support and availability for the robot vacuum depend on actual usage within the app.
**Alexa, Siri, and the Google Home: The third-party service requires a device that integrates voice technology. The Dreamehome App is required for Siri.

Specifications

Robot Vacuum Dimensions	350 x 350 x 103.8mm
Base Station Dimensions	340 x 456.7 x 590.5mm
Maximum Suction	11,000Pa
Side Brush Extend	✓
MopExtend RoboSwing	✓
Mop Lifting Height	10.5mm
Removable Mop	✓
Battery Capacity	5,200mAh
Dust Bag Capacity	3.2L
Obstacle Crossing Height	22mm
Dust Box Capacity	300ml
Water Tank Capacity	80ml
