

DREAME

Dreame R20

Smart Cleaning with Intelligence.

Dreame R20

Cordless Stick Vacuum

With R20, you can easily clean your entire house because of its cordless design, clever features, and unique brush head lighting. With its powerful 190AW suction power, intelligent dust recognition for effective cleaning through the expertise of creative integration, interchangeable brush heads, and flexible attachments, R20 makes it easier than ever to give your home a thorough cleaning. The brush head has blue LEDs that enhance cleaning effectiveness in low light to allay worries about cleaning in difficult-to-reach spots. This vacuum cleans continuously for up to 90 minutes thanks to its powerful battery, specialized motorized mini-brush, and lightweight design, enabling you to easily remove pet hair from furniture and dig dust out of nooks in your home. Enjoy completely and intelligently cleaning your house with R20.

Key Selling Points

Illuminate & Clean: Innovative blue Lights.

Light up dark spaces with blue LEDs, revealing hidden dirt, dust, and debris, without causing strain to the eyes. Wide 138° angle efficiently exposes particles in corners and nooks.

Clever and unique features.

Experience the innovation of the R20 with its powerful 190AW suction power, intelligent dust recognition, and interchangeable brush heads and attachments, providing effective and versatile cleaning for every surface.

Long-Lasting performance.

Clean continuously for up to 90 minutes thanks to the R20's powerful battery, specialized motorized mini-brush, and lightweight design, perfect for removing pet hair from furniture and tackling dust in every nook of your home.

Smart cleaning at your fingertips.

Experience intelligent cleaning with R20. It detects dirt at the micron level, adjusts suction automatically, and displays real-time cleaning status on the LED panel. Switch modes, monitor debris levels.

Specifications

Product Name	Dreame R20 Cordless Stick Vacuum
Rated Power	570 W
Suction Power	190 AW
Suction Pressure	27 kPa
Battery Capacity	8 x 2,900 mAh
Type of Battery	Lithium ion
Maximum Runtime	90 minutes
Machine Weight	1.76 kg
Charging Time	Approx. 4 hours
Dust Cup Capacity	0.6 L
Product Dimensions	1,293 x 256 x 216 mm
Color Box Size	845 x 330 x 144 mm
