U20 Cordless Stick Vacuum

With lights and ease, cleaning is a breeze

Dreame U20

Cordless Stick Vacuum

U20 offers efficient cleaning with versatile features. Integrated blue LEDs illuminate dim areas, and the modular design allows easy maintenance with a detachable dust cup and rechargeable battery pack.

*120AW: Based on tests in Dreame Lab. In accordance with the report 0218-23A-01.

Key Features

Blue Lights Unveil Dust and Dirt

Multi-surface brush is equipped with blue LEDs to reveal dust in shadowy corners. The brush with lights effectively uncovered dust, hair, and fur on surfaces requiring cleaning.

Consistent Cleaning with Powerful Suction

U20 maintains a powerful 120AW suction with a high-speed 100,000RPM* motor, allowing for 60 minutes* of consistent cleaning to efficiently pick up dust, dirt, debris, and hair.

99.9% Dust Filtration with Simple Disposal

The five-layer filtration system captures dust and particles with 99.9%* efficiency, while the multi-cone dust collector funnels dust into a detachable 0.5L* cup for effective filtration and disposal.

Versatile Attachments for Various Cleaning Needs

Motorized Mini-brush features an anti-tangle design, efficiently removing fur and dust. Wide Combination Tool efficiently cleans debris from windows, doors, and desktops.
